FOR IMMEDIATE RELEASE

MPE MaxShield Protective Apparel- High Quality Protection at a Lower Cost!

MPE has introduced a new protective apparel line called MaxShield, our cost effective alternative to recycled Tyvek®. MaxShield offers you unbeatable quality, micro porous barrier protection, and the breathability of Tyvek®, but at a price that is simply unbeatable! For many years we have sold our recycled Tyvek® apparel into the home inspection industry and have received wonderful reviews; our new MaxShield apparel is even better! Not only does it offer you the protection you need and want, it does not sacrifice your budget.

As an exclusive promotion to all NACHI Members, MPE would like to invite you to earn additional savings off our MaxShield products. Please visit our web site **www.protective-clothing.net** and type in one of the promo codes below to save even more money on our already low priced MaxShield garments!

nachifivedollarsoff - \$5 off your order!

nachitenpercent off - 10% off your entire order!

nachifreegroundship – Free ground shipping on your order!

****You may use one code per order on each of your next *three* orders.****

Visit **www.protective-clothing.net** TODAY and take advantage of our exclusive offer!!

MPE Inc. is the nation's largest independent provider of recycled Tyvek® spun-bonded olefin protective apparel for the industrial market. MPE is not affiliated with or licensed by DuPont. Tyvek® is a reg'd trademark of DuPont.
